# Reversion of a Brother back to Islam

Previously Dwayne, Brother Muhammad Dawoud has reverted to Islam.

Muhammad  
Dawoud with  
Muhammad  
Ramzan

**T**his world is a test and many Prophets were sent to teach us how to pass this test. In the world of souls, all the Prophets were gathered together and were told that they will be sent to this world with books to help guide people. Also, that the final Prophet will be Muhammad ﷺ who will give the final and complete guidance, and that they will all believe and support him, should he come in their lifetime.

We should recite the kalima daily to refresh our Eman and belief, as there may be things that we have said unknowingly that may have taken us out of the fold of Islam.

*"We should recite the kalima daily to refresh our belief"*

# Surah Al-Kahf Tasfir

"We have indeed made whatever is on earth as an adornment for it, in order to test which of them is best in deeds." 18.7

**D**ajjal will claim Prophethood and also claim to be God. Surah Al-Kahf is a protection from Dajjal. Allah سبحانه وتعالى mentioned that the whole of the earth is beautified as an attraction for us so that we can be tested.

There are billions of different types of creations in this world, but only two creations have been given the option to live forever in the company of Allah سبحانه وتعالى in Jannah. The rest of the animals in this world will not go to Jannah; they will all turn into dust after the Day of Judgment.

Only the Jinns and Mankind will enjoy Jannah, being served by Angels. We have been given the privilege of going to Jannah without asking for it.

Everyone and everything that comes into our life is either a blessing or a problem. Either way, they are both a test to see how we react and deal in these situations.

**"And present to them the example of the life of this world, [its being] like rain which We send down**

**from the sky, and the vegetation of the earth mingles with it and [then] it becomes dry remnants, scattered by the winds. And Allah is ever, over all things, Perfect in Ability." 18.45**

The example of worldly life is that crops grow and then turn green, then they dry into straw and are scattered by the winds.

People often think their health, their business, their relationships

**"Once we stop fulfilling a person's desires then they will abandon us. Most people only learn this lesson after decades of people taking advantage of them"**

are all booming, but none of them will last and they will eventually all be scattered.

Allah سبحانه وتعالى has told us that this world is a deception, it is fake, it is not as we think it is. Allah سبحانه وتعالى said people are not faithful to you, but only faithful to themselves, their own wants and desires. Once we stop fulfilling a person's desires then they will abandon and leave us. Most people only learn this lesson after decades of people

taking advantage of them and often it is too late.

The only three who will always be faithful to you and that you can count upon are:

- 1 Allah سبحانه وتعالى
- 2 The Prophets عليه السلام
- 3 and the relationships that you have formed with people only for the purpose of Allah سبحانه وتعالى, ie there is no business or blood relationships

We have it upside down, instead of spending more time strengthening the relationships with the above three, we rush away from them to spend more time building our relationships with those who have their own selfish motives, we rush towards our business, friends and family.

**"Wealth and children are [but] adornment of the worldly life. But the enduring good deeds are better to your Lord for reward and better for [one's] hope." 18.46**

Only good deeds for the pleasure of Allah سبحانه وتعالى will be everlasting, which will also give us hope in this world too. As this world and all our deeds done for solely worldly gains will come to an end for all of us.

# SLOUGH GATHERING

A key breakthrough for an area in which there is much need and opportunity

**W**oking are pleased to announce their first ever majlis in Slough, which occurred on Friday evening.

Alhamdulillah, Ustadh Tahir covered the Attributes Of Allah, and the many lessons we can derive from these. Over 25 people attended the gathering, which consisted of Naseeha, Zikr and Quran. Food was served to all the attendees.

The majlis was hosted by brother Hamza, who is based in Slough and has been a regular attendee at the Woking gatherings.

Under the guidance of the mentors and ultimately the blessed Teacher he took the step, which is so often mentioned to many, but actioned by few to become a facilitator for gatherings in one's own area.

Supported by Woking's very own junior media team (br Danyaal) and led by Ustadh Tahir, the gathering was a key breakthrough for an area in which there is much need and much opportunity for the message.

# Coventry Gathering

Sisters from the tareeq were invited to a gathering in Coventry to introduce Tareeqah Muhammadiyah.

**S**ister Tahira was the keynote speaker for this event, addressing an audience of 250 sisters, followed by a short Dhikr session towards the concluding part of the gathering.

Alhamdulillah, after the success of this event, the sisters have been re-invited to deliver a talk on Awliyah Allah and the need for a Guide.

We screen hundreds of people, perform minor operations, and check for general health issues. We also distribute glasses and offer advice. For those people who need cataract surgery, we refer them to a specialist and provide assistance with travel, food and accommodation.

Support this project with your Sadaqah and Zakat.
